We turn Scrap Tires into Amazing!

ENVIRONMENTAL
PARTICIPATION
PROGRAM

Collect . Redeem . Recycle

About the Program

Shercom's Environmental Participation Program is available to all Saskatchewan Tire Dealers.

Together we are removing millions of scrap tires, an environmental hazard, into value added and great looking products used in our homes and businesses.

For every tire collected, your business receives two points towards the program. Redeem your points for recycled rubber products for your own use or as a donation for your community.
