

# LANDSCAPING & RESIDENTIAL

A beautiful yard is the first impression of any home. A well designed landscape can catch the eye of many a passer by. Increasingly, we are also appreciating a yard for its eco-friendly additions. As we try to decrease our water and energy usage, eco-friendly products become more relevant. Shercom's landscaping products create a beautiful space while promoting a sustainable future.

Made From  
100% Recycled Rubber

## FEATURES

- Can be installed brick-side down to create a smooth, lightly textured surface.
- Durable and easily cleaned or power washed
- Multi-use for patios, decks, walkways, aisle ways, around pools/ trampolines, play areas and other indoor/outdoor projects
- Non-slip and comfortable

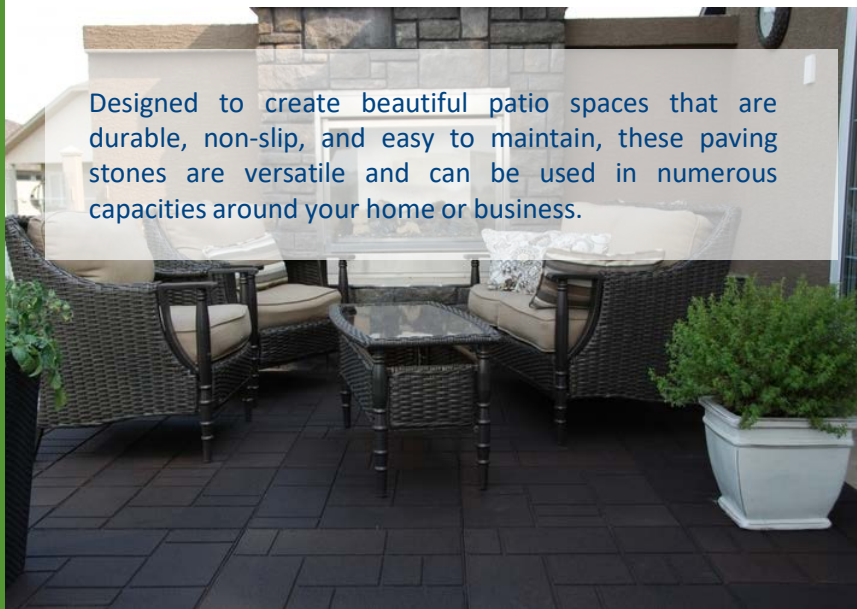

## MAINTENANCE

- Virtually maintenance free
- Easily trimmed to create a curved border design
- One time application
- Place over solid, level surfaces to create an attractive surface
- Flexible and lighter than most ground elements such as dirt or gravel. They will partially conform to existing surface contours without risk of cracking or permanent disfiguration.

# SIGNATURE RUBBER TILES

Designed to create beautiful patio spaces that are durable, non-slip, and easy to maintain, these paving stones are versatile and can be used in numerous capacities around your home or business.
